

**1500DC BURNISHER**

Pullman-Holt's burnishers are superbly balanced, smooth running, ultra high speed floor machines that provide superior burnishing results. A powerful 1.5 horsepower motor, coupled with a poly v-belt drive system, provides an exceptional gloss through constant RPM's and pad pressure, with less torque and operator fatigue. Pad driver included.

**FEATURES:**

- Dual triggers can be operated with either hand
- Safety lock mechanism prevents accidental start-ups
- Heavy-duty slow release 15 AMP circuit breaker protects against overload
- 50 foot power cord covers large areas without changing outlets
- 1.5 HP DC rectified motor provides efficient burnishing results
- Semi-pneumatic 6" non-marring rubber wheels with permanently lubricated bearings provides greater maneuverability
- Powder coated cast aluminum chassis with non-marring bumpers chip and corrosion resistant; protects machine, furniture and baseboards
- Vacuum assisted start-up controls excessive starting torque and high amp draw
- Free floating burnisher head adapts to uneven floor surfaces, assumes maximum pad contact with floor
- 20 inch pad driver turning 1500 rpm
